Clean Mousse

Ref. 3214B

12x600ml

USE

Bardahl Clean Mousse is formulated from concentrated cleansing surfactants, alkali metal salts, sequestrant, and antistatic agents and glycolate fluid.

It cleans all types of sensitive materials encountered in industrial environments such as plastics (even porous), Plexiglass, anodized aluminum, steel, chrome, enamel, stainless steel...

It cleans all office equipment: Cases and computer screens, touch screens.

It cleans the outer parts of the vehicle and the moto: wheels, tires, beam....

PROPERTIES

Bardahl Clean Mousse offers the following properties:

- Is static, it prevents the deposition of dust.
- Does not attack varnish, paint, seals...
- Does not leave any trace.
- Can be used on vertical surfaces.
- Is easy to use as it is an active foam spray.

INSTRUCTIONS FOR USE

Shake well the aerosol before use.

Spray at 20cm from the surface to clean.

Dry and polish with a soft cloth.
