Carburettor Cleaner

REF. 2806
6X400ML
3266720028060

PROPERTIES

BARDAHL Carburettor Cleaner offers the following benefits:

- Cleans and keeps the carburettor, fuel pump, and intake valves clean,
- Stabilizes idle, eliminates hesitation during acceleration, and facilitates cold starts,
- Reduces pollutant emissions and eases passing the anti-pollution technical inspection.

INSTRUCTIONS FOR USE

For external cleaning:
With the engine off, spray and wait 2 to 3 minutes, then wipe or blow dry.

For internal cleaning:
Remove the air filter, start the engine, spray into the air intake while giving sharp throttle bursts until deposits disappear.

Do not spray on electrical parts.
